BY APPOINTMENT

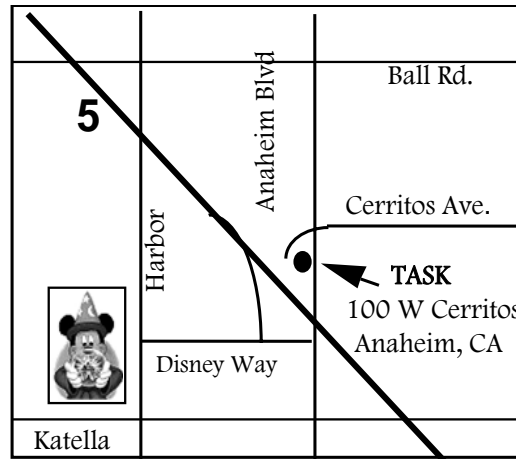

The TECH Center's mission is to provide individuals with disabilities, their families, and the professionals that serve them, access to, and information regarding assistive technology devices and services, in order to increase their awareness and understanding of how technology can enhance the ability to participate fully in the home, school and work environments.

TASK's TECH Center serves all ages and all disabilities.

Directions:

TASK is located approximately 1 mile east of Disneyland.

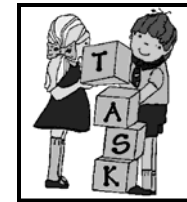

TASK is a proud member of the Alliance for Technology Access (ATA).

The Alliance for Technology Access is a national network of community-based computer resource centers.

For more information on the ATA, please visit: www.ataccess.org
